

**LEADING TECH & DIGITAL SKILLS TRAINING
ACADEMY IN WARRI, EFFURUN | DELTA STATE**

WHO WE ARE

LearnHub Africa is a premiere institute for Hands-On Tech Training in Warri, Effurun and across Delta State, Nigeria.

It is a place where you can master in-demand digital & computer skills—with 100% practical, mentor-led classes designed for flexibility, affordability & ease.

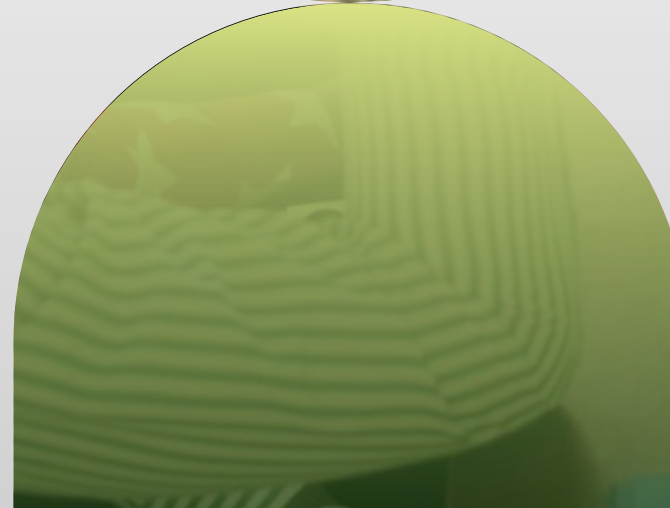

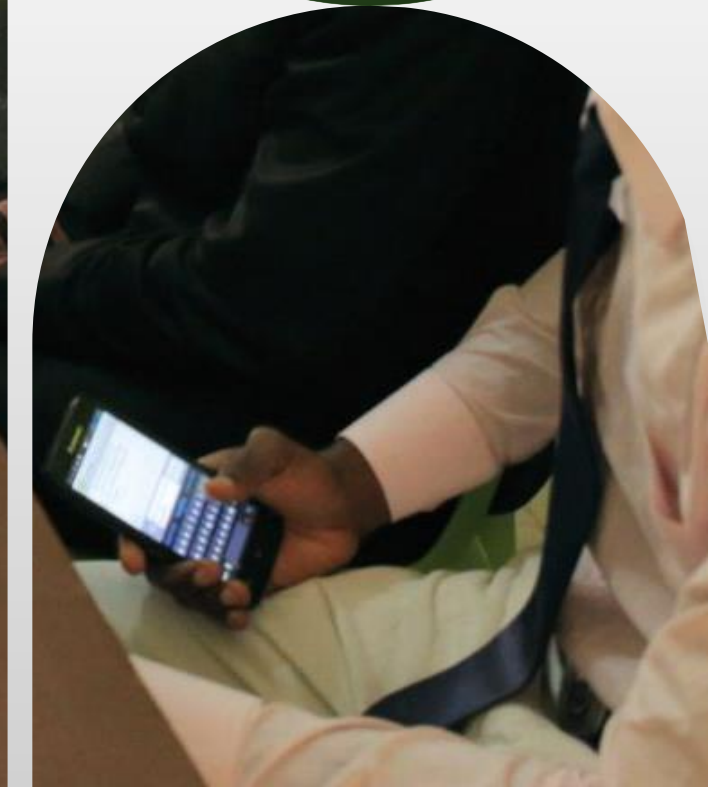

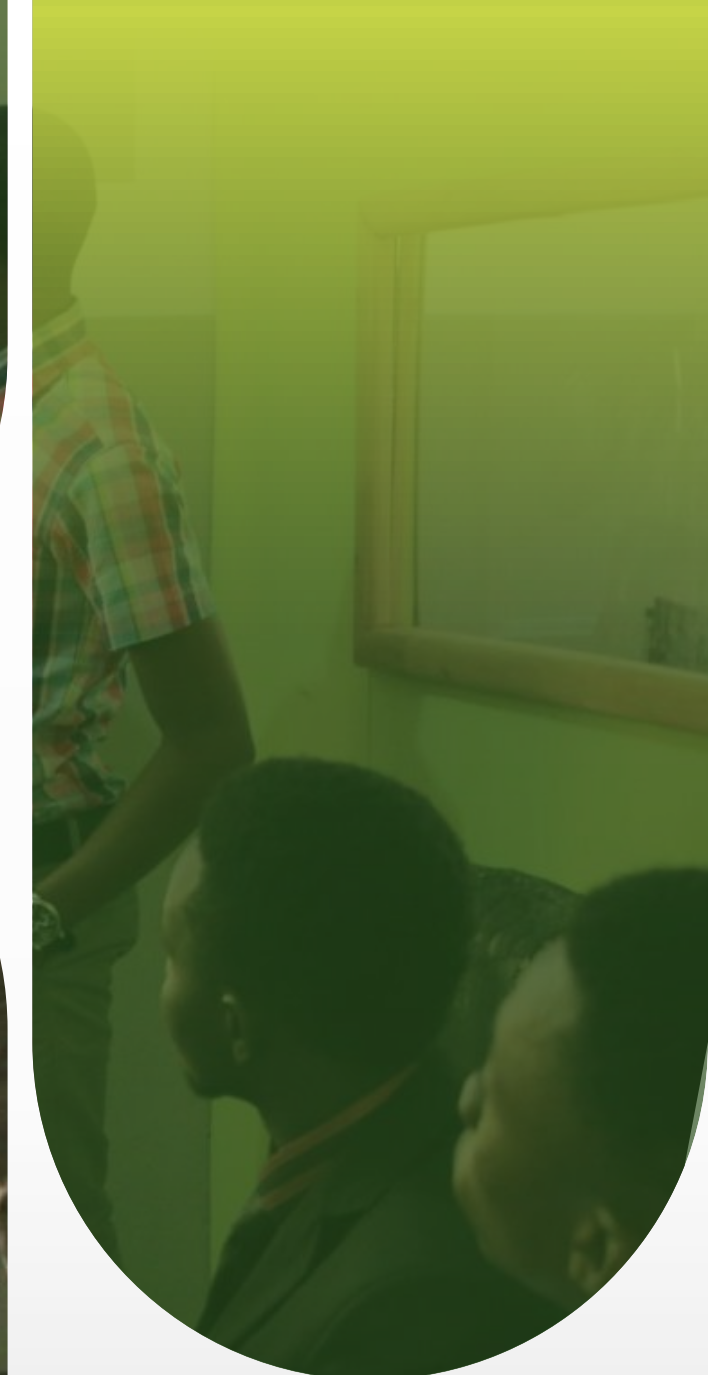

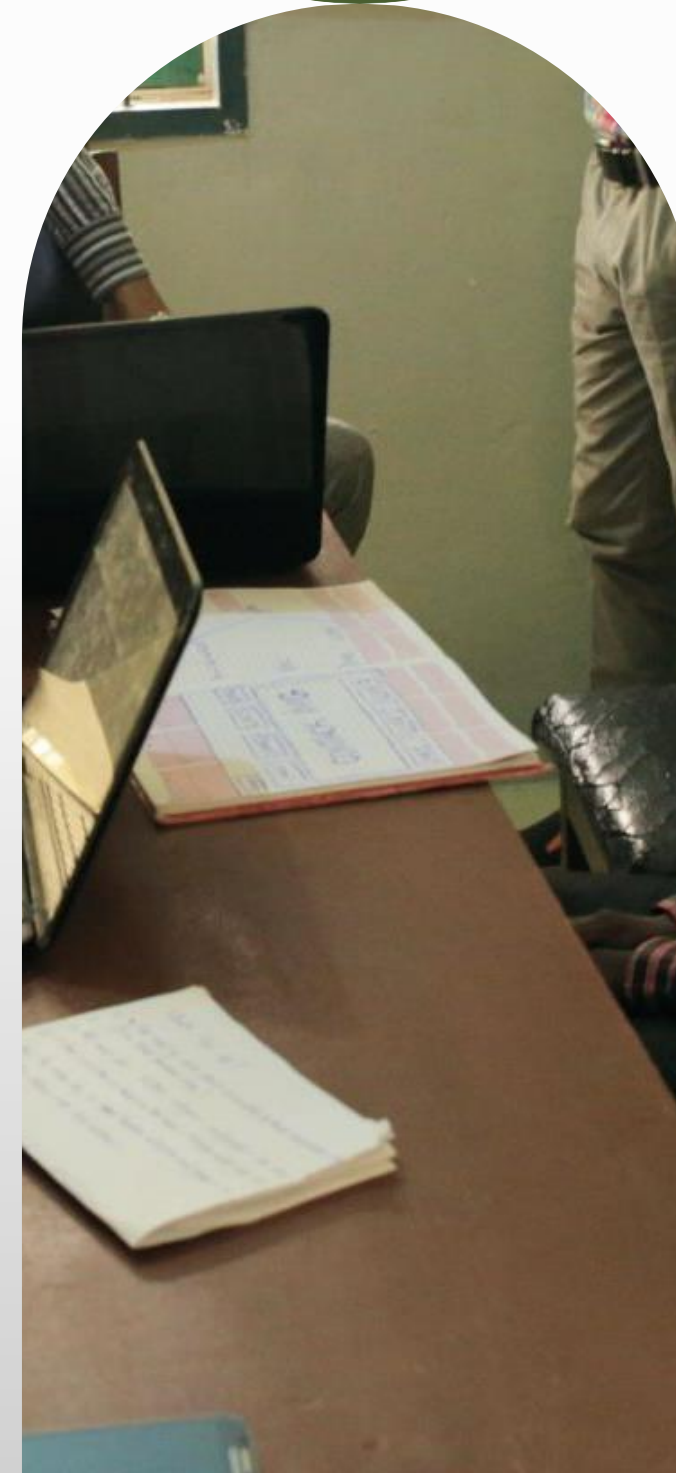

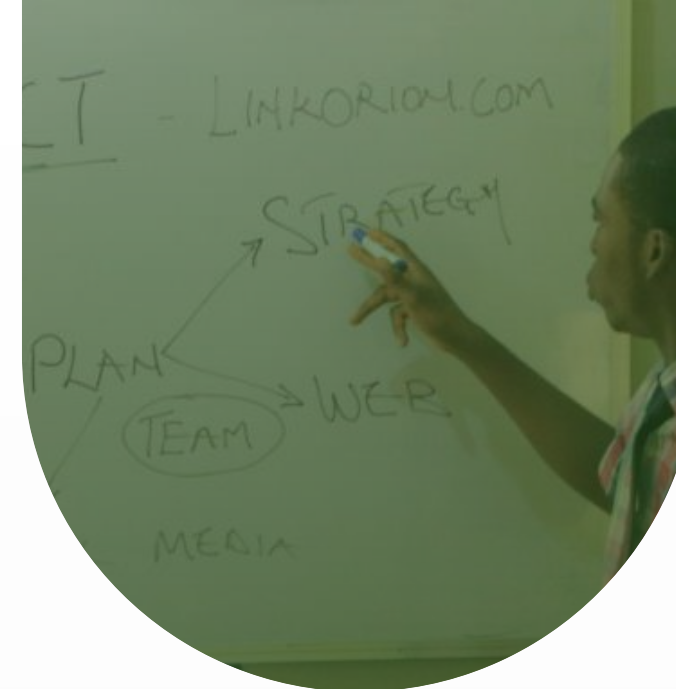

WHY CHOOSE US?

We specialize in custom curriculum development & IT career coaching.

Our mission is focused on simplifying digital skill acquisition and making quality tech education accessible to people in Nigeria (especially Warri, Effurun, Delta State).

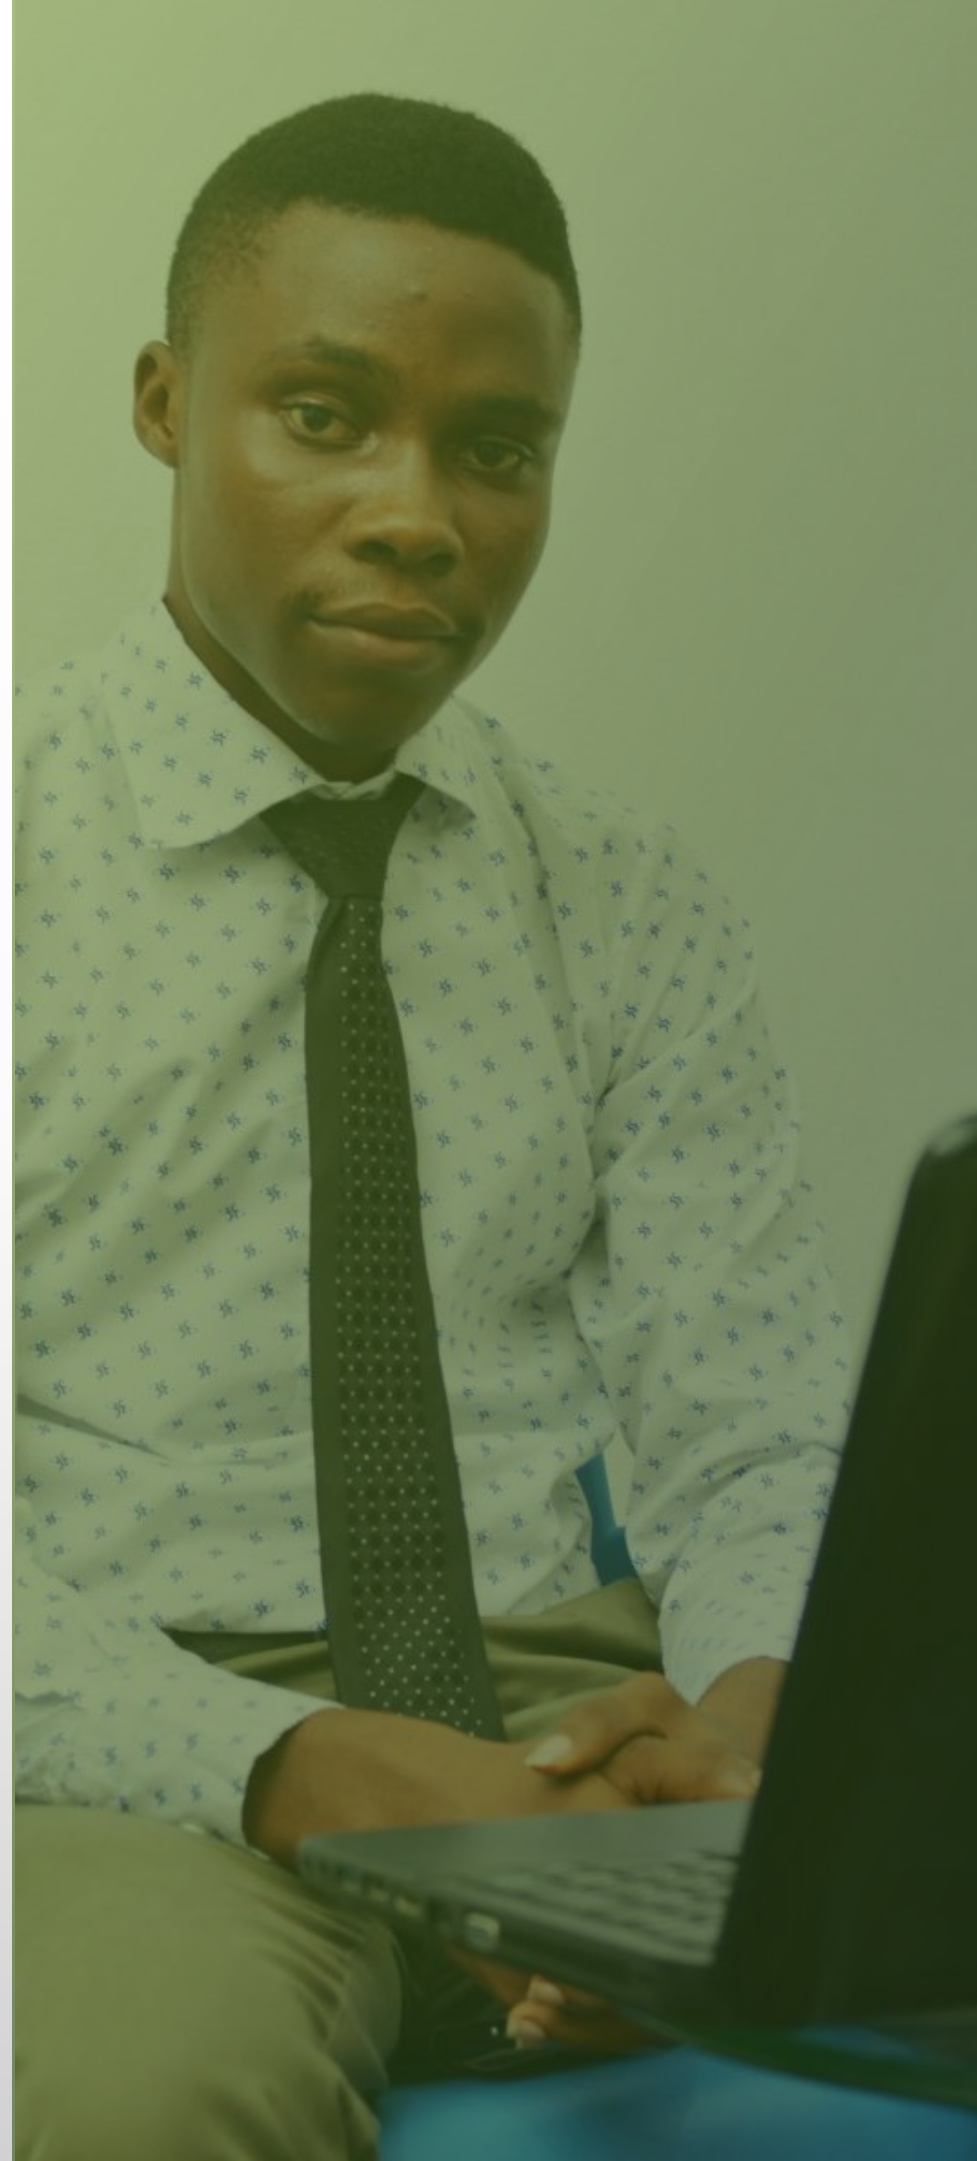

The background of the slide is a collage of two photographs. The left photograph shows a group of young people, both men and women, smiling and holding blue-bordered certificates. The certificates have the 'LIFE ORION' logo and text that includes 'DIGITAL FOUNDATION TRAINING PROGRAM'. The right photograph shows a large group of people, mostly men, standing and sitting in front of a building with a large arched doorway. Many of the people in this group are also holding certificates.

FEEDBACK FROM STUDENTS

Nwanji Joseph,
Graphics & Media Student

The absolute best training ground as far as Warri and its environs are concerned. I started my tech career right here, and you can see how far that foundation has taken us by looking at our work on our media handle, @cjbconcept.

Promise Akhuetie,
Digital Marketing

Learnhub Africa helped me get started with basic digital skills I have always thought tech was difficult to learn, like Canva for example. The instructor from took time to teach me even as an adult. He was patient and calm.

Tega Umurhu,
Software Development

I got engaged with LearnHub Africa during my journey into tech & software. I was looking for practical tech knowledge, mentorship, & a supportive learning environment - LearnHub Africa gave me exactly that.
